International Hyperhidrosis Society (IHhS)
Seal of Recognition™
At-A-Glance Guidelines

Purpose

The IHhS Seal of Recognition™ acknowledges exceptional commitment to scientific rigor, safety, and transparency in products, devices, and procedures that effectively reduce or control excessive sweating and/or body odor.

Eligibility and Evidence Requirements

Open to products, devices, and procedures that are Rx, in-office, at-home, or OTC direct-to-consumer with bona fide evidence of safety and efficacy, such as:

- Peer-reviewed clinical studies
- Post-market or real-world data
- Validated consumer research (as appropriate)

Note: Anecdotal testimonials, online reviews, or unverified consumer ratings are not considered valid evidence and should not be part of submission documents.

Application Process

1. Application Fee: $5,000 USD (non-refundable) paid via invoice instructions.
2. Submission: Complete and submit the IHhS application, providing all supporting documentation.
3. Review: IHhS evaluation by the IHhS Scientific Review Committee for rigor, safety, and transparency.
4. Decision: Applicants receive written notification of approval or further steps.

Seal Usage and Licensing Upon Written Approval by IHhS

1. Licensing Fee: $25,000 USD for two years of Seal use (non-refundable) paid via invoice instructions.
2. Renewal: Requires updated data and re-evaluation by IHhS and payment of Licensing Fee 90 days prior to expiration.
3. Revocation: IHhS may withdraw the Seal if new safety, abuse, or integrity concerns arise.

Seal Artwork and Language Use

- At the time of approval, the IHhS will provide digital files of the Seal artwork along with approved associated copy.
- The Seal artwork may appear alone on packaging only if explanatory text appears elsewhere.
- A disclaimer must be included within context: *"The IHhS Seal of Recognition does not imply endorsement or recommendation."*
